A daily guide to cruise activities 

KETCHIKAN • THURSDAY, SEPTEMBER 14, 2006 • DIAMOND PRINCESS  
Sunrise 6:23am • Sunset 7:03pm • Tonight's dress: Formal

## Welcome to Ketchikan

Ketchikan is known as Alaska's "First City" because it's the first major community travelers come to as they journey north. Ketchikan is located on an island and began as an

Indian fishing camp. The name Ketchikan comes from a Tlingit Indian phrase meaning "eagle with spread-out wings" and refers to a waterfall near town. In the early 1900's, when gold was Alaska's claim to fame, fishing and timber industries were established in Ketchikan and have developed with the state. The growth of these industries has helped this Inside

Passage port town become Alaska's fourth-largest city.

Visitors to this beautiful city will be intrigued by its rich Indian heritage, shown through the world's oldest collection of totem poles at the Totem Heritage Center. The Haidas, Tlingits and Tsimshians are all a part of the city's colorful history. Ketchikan, with its abundance of salmon, is also a sportfishing paradise. Sightseers will be impressed with the scenery of both the town and its surroundings, especially Misty Fjords National Monument.

### Alaska Cruise Companion Highlights

Ketchikan: Today is Southbound Day Six in The Alaska Cruise Companion. Highlights: Today's route map P.104. Southeast Alaska chapter begins on P. 105. Ketchikan Information begins on P. 122. Misty Fjords Information begins on P. 107. Be sure also to read about Point Baker, (which you passed this evening), in Life in a Roadless Community, P. 84-93. There were no roads to this town, so store, post office, bar, etc. were all built on floating log rafts.

## FROM THE NAVIGATOR

Overnight Diamond Princess cruised past Cape Decision, through Sumner Strait and Snow Passage. Early in the morning after rounding Guard Island and entering the Tongass Narrows we will commence our final approach to Ketchikan, where we expect to be safely anchored by 9:30am. Ketchikan is one of the major cities and ports in Alaska. It is the administrative and commercial centre for the collection and transshipment of local export cargoes and the distribution of import cargoes. Ketchikan is also a very popular port of call for cruise ships. Diamond Princess will weigh her anchor at 6:00pm, and once clear from Tongass Narrows we will disembark our Southeast Alaska Pilots at Twin Island pilot station and then proceed southerly through the Revillagigedo Channel. Later in the evening we will cross the U.S./Canadian border and a southeasterly course will be set and followed overnight through the Hecate Strait heading towards Pine Island pilot station. The instrument by which a ship may be steered on a pre-selected course and by which bearings of visible objects may be taken to fix a ship's position on a chart is the compass. There are two types of compasses in use at sea: the magnetic compass, of which the north mark points to the magnetic North Pole, and the gyroscopic (or gyro) compass, of which the north mark points to the true North Pole. At the heart of a marine gyrocompass assembly there is a perfectly balanced wheel (gyroscope rotor) which is arranged to spin symmetrically at high speed about an axis; a gyroscope rotor maintains the direction of its plane of rotation unless an external force of sufficient amplitude is applied to overcome this inertia.

### TIME CHANGE

Today we will be taking you ashore using the ship's tenders. For your own safety please read the Tender Safety Notice at the head of the gangway and familiarize yourself with the contents of the Emergency Instructions Notice posted in the cab of each tender. You are reminded that there must be No Smoking whilst in the tenders and that, to avoid risk of injury, you must keep your hands and arms off the side of the tender as it comes alongside the ship or wharf. It is important that you follow the instructions given by crew members and that you remain seated whilst in the tenders. Do not get in or out of the tenders until instructed to do so by the ship's staff.

### FOR PASSENGERS NOT ON THE SHIP'S ORGANIZED TOURS Tendering Ashore:

When you are ready to proceed ashore, please collect a tender ticket from the Cruise Staff in the Explorer's Lounge, Deck 7 from 9:30am onwards, and kindly wait in the comfort of the Public lounges available. An announcement will be made over the public address system calling the tender ticket numbers. Please only go to the gangway when your tender ticket number has been called. This is for your comfort and safety. **TENDER TICKETS WILL BE GIVEN OUT IN THE EXPLORER'S LOUNGE FROM 9:30AM.** Please do not collect a tender ticket until you are ready to proceed ashore.

You will be asked to produce this at the gangway when you leave and return to the ship. Please ensure that you also have a Government issued picture ID with you before leaving the ship, as you may be required to show this at security checkpoints upon your return. Be aware that we have established a secure area around the vessel and our security procedures require that you must be prepared to show your cruise card when entering this area, in addition to showing it to the security staff at the gangway when leaving or boarding the ship. We kindly ask you not to accept and bring on board any parcels or packages from strangers.
